Coffee Café

Packaging solutions designed for all types of coffee café creations.

Helpful tips when choosing your coffee café packaging

The top three cup sizes bought within the coffee café segment are 16 oz, 20 oz, 24 oz for both cold and hot beverages.

Showcase your salads, parfaits, veggies, fruit trays and more with a coffee café favorite: clear containers.

Dome lids help show off your decorative frappe or smoothie creations!

Don't forget about a container's best friend – portion cups. They are perfect for sides, sauces, and dressings.

Let our cups be your canvas! Give a shout-out to your brand with our custom printing capabilities. **Click here to learn more.**

Made To Order Printing

Top picks for coffee café creations

We've hand-picked a list of top-moving items purchased within the coffee café segment. From cold and hot cups, to soup cups, hinged lid containers, kraft boxes and more, you're sure to have options galore!

When viewing the chart on the next page, click on the product to see photos and spec information.

Superior Visibility

Clear products that help showcase your café menu items. This also makes for easy order identification reducing mix ups when packing to-go bags.

Premium Performance

Products in this category are strong, stackable, and moisture resistant.

High Heat Performance

Packaging ideal for a variety of temperatures such as merchandising in hot case displays, to-go staging under heat lamps, reheating in a microwave, top rack residential dishwasher safe or oven safe. Be sure to read the product family's brochure to learn more.

Recyclable*

View the chart below to see which products are recyclable*. Recycling products gives them a second life and helps keep them out of landfills. Remember to check locally as products may not be recyclable in your area.

Commercially Compostable**

Are compostable** products a key ingredient for your café? If so, we have great options! Be sure to look at our chart below to see which products meet this criteria. Our compostable products are not suitable for home composting and are commercially compostable only. However, these facilities may not exist in your area.

*Recyclable. Check locally - may not be recyclable in your area.

**Commercially compostable only. Facilities may not exist in your area. Not suitable for home composting.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
