PFAS-Free Solutions
Fiber blend packaging

Sustainable Solutions, Right for You

PFAS-free performance

Made with a proprietary formula, new EarthChoice® PFAS-Free Fiber Blend Containers and Tableware feature excellent grease performance that holds up to wet, heavy foods.

Commercially compostable

Pactiv Evergreen's fiber blend packaging is made from annually-renewable plant sources. It's BPI-certified to be commercially compostable. Composting packaging with food scraps diverts waste from the landfill, helping reduce greenhouse gas emissions.

Solutions for our customers

Our PFAS-free molded fiber products serve as another example of our commitment to supply customers with the products and solutions they need.

EarthChoice PFAS-Free Solutions

Hinged Lid Containers

These containers make food assembly quick and delivery trouble-free. Available in six industry-standard sizes with a secure closure, you can rely on containers to meet all your takeout needs - from sides to entrees. Designed for takeout and delivery, the stackable containers will help keep food fresh and safe during transport.

Tableware

Our durable Bowls, Plates, and Platters are great for dine-in, catering or for sending home with takeout orders. They'll hold up for your needs. Serve hearty soups or pile them up high with picnic foods - they won't soak through.

Round & Rectangle Bowls

Perfect for fresh and healthy, harvest Bowls - poke Bowls - and burrito Bowls, a menu offering that has been growing in popularity. Add Clear Recyclable PP Lids for secure transport, presentation, and order identification. Check locally: lid may not be recyclable in your area. Lids sold separately.

School Lunch Trays

Our Fiber Blend 5-Compartment Trays are made from PFAS-Free annually-renewable blend of bamboo and sugar cane (bagasse) plant sources. They are grease-resistant, water-resistant, and durable which means they can hold up to heavy and saucy foods like spaghetti, meatballs, and other cafeteria favorites.

Hinged Lid Containers
