Reusing resources

EarthChoice cups are made with a minimum of 25% post-consumer recycled (RPET) material, reducing fossil fuel-based material usage and greenhouse gas emissions.

Recyclable

Recycling products gives them a second life and helps keep them out of landfills. Check locally: may not be recyclable in your area.

Show your commitment

Tell your customers you care about the environment when you select our EarthChoice Stock Print cups.

Strong and clear

This line is durable with a clarity that beautifully displays your signature beverages and provides for easy order identification.

Great for on-the-go

A lid can be added so your drinks can be enjoyed on the go! Select from a variety of dome and flat lids to customize your creations.

Drink Cups, Sundae Dishes and Lids

Drink cups

Choose between our EarthChoice stock print and clear drink cups, either way you'll find the smooth glass like design, exceptional strength and excellent clarity are the perfect choice for your signature beverages.

Sundae dishes

EarthChoice sundae cups are crystal-clear and have a stylish design that will enhance the presentation of your sweet treats. All three cups pair with a single common lid for inventory efficiency and seamless service.

Lids

The lids options you want in the sizes you need. Are you looking to go straw free? Select our sipper lid. Making grab 'n go parfaits? We have no hole options for your display essentials. Topping your creations with whipped cream and cookie crumbles, we have domes for over the top additions. Each lid helps to avoid messy leaks and spills.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
