PS Foam

# Hinged Lid Containers

## Economical and effective

Our extensive line of PS foam hinged lid containers are an industry standard for their practical price point and superior insulation capabilities which help to maintain food temperatures even on the go.

## Great for to-go

These food containers are strong and stackable with a secure closure that helps prevent messy spills and accidental openings.

## Made in the USA

Domestically produced in U.S.-based manufacturing facilities from globally sourced materials.

### What temperature range is recommended?

# Hinged Lid Containers

## Hinged Lid Containers with SmartLock® Closure

The patented SmartLock® closure with audible “click” means you know it is closed. Select this line of products when you want a superior product for carryout.

## Conventional Hinged Lid Containers

Our classic hinged lid containers come in a variety of sizes and configuration to help keep menu items organized and secure, even during delivery. Many of the sizes in this line come with push-in vents to aid in keeping food fresh and crispy.

## Double Laminated Hinged Lid Containers

These containers are laminated on the inside and outside for maximum heat tolerance and strength. The durable construction ensures your food goes from the kitchen to customers’ tables looking and tasting as great as it did when you made it.

### Virtual Packaging Assistant

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
