

Reheatable Packaging

Hot Case to Cold Case

Your one-stop shop for quality meal solution packaging

CONTENTS

With the explosive growth of ready-to-eat and grab-and-go meals, retailers need versatile packaging that can flex from hot to cold case to maximize impulse sales. This type of packaging fills a need for busy consumers who demand fresh pre-cooked meals that taste like homemade but can conveniently be reheated. Pactiv Evergreen is the one-stop shop for all reheatable packaging needs.

MealMaster® and EarthChoice® Rotisserie Chicken Containers

Whether you require a small or extra-large size, or a fully-microwavable EarthChoice package, Pactiv Evergreen has the largest depth and breadth of selection in chicken roasters. High-clarity domes with Fog Gard® coating and SmartVent™ technology ensure excellent product visibility in the hot or cold case for impulse sales.

MealMaster Chicken Barn Containers

A first-to-market innovative solution, chicken barns are designed to hold fried food with breading, keeping it crisp from store to door. SmartVent technology allows steam to vent, minimizing any condensation on the lid, for superior merchandising. The unique dimpling pattern on the base traps grease so that it does not come in contact with food. Maximize hot case sales with this exceptional packaging.

MealMaster and EarthChoice Rib Containers

These two-piece containers are designed to showcase cooked ribs and other entrées or side dishes by providing outstanding anti-fog technology coupled with a high-clarity dome for exceptional visual appeal. New EarthChoice polypropylene lids allow the total package to be microwaveable rather than just the base.

White MFPP Chicken and Rib Containers

White bases are now available for our classic two-piece mineral filled polypropylene (MFPP) chicken roasters, chicken barns and rib containers.

EarthChoice Dual-Color Vented Microwaveable Hinged Containers

Top-of-the-line containers in both appearance and performance! Great for the “gourmet prepared foods” counter at the local market or for restaurant curbside pickup, take-out or delivery. Fully microwaveable.

EarthChoice Hinged Lid Containers

EarthChoice Hinged Lid Containers are the clear choice for showcasing your hot and cold food items. Delivering operational excellence with their superb presentation and versatility, these containers are also microwave-safe.

Crisp2Go™ Dual-Color Vented Microwaveable Hinged Containers

Dual-color, extra-vented, microwaveable containers are optimally designed for performance and merchandising. These containers feature anti-fog and venting technology to keep food crisp. They are ideal for merchandising in hot case displays, warming units and under heat lamps.

Pro-Kal® Deli Containers

With six sizes and one common lid, these containers are great for “grab ‘n go” merchandising and takeout. These microwaveable containers have a high heat resistance and can handle your hottest foods. They are recyclable, lightweight and cost-effective. Combo packs are available.

Polypropylene (PP) SideKicks® Containers

SideKicks® Containers are portable and stackable, with a reliable, leak-resistant lid you can trust. These containers are perfect for everything from hot soups to cold salads. The one-size-fits-all lids are clear and vented, and both container and lid are microwave safe.

EarthChoice Entrée2Go™ Two-Piece Containers

Entrée2Go is the two-piece, to-go solution for supermarkets, takeout and delivery packaging needs. With a mineral-filled polypropylene (MFPP) base and a polypropylene (PP) lid, this container is both microwave and heat lamp safe.

Page
30

EarthChoice MFPP SmartLock® Hinged Containers

Perfect for to-go applications such as in-store hot bars or salad bars, EarthChoice MFPP SmartLock hinged containers are made from a mineral blended material that decreases the amount of plastic used in the product, reducing the environmental impact. This distinctive container offers exceptional temperature endurance and can be used for microwave reheating.

Page
32

EarthChoice Vented MFPP Microwaveable Hinged Containers

These highly-functional, low-cost, hinged containers are great for grocery store hot and cold bars or for restaurant curbside pickup and delivery. These microwaveable containers are a more cost-effective version of the EarthChoice MFPP SmartLock hinged container. They also have optional SmartVents to keep fried foods crisp.

Page
34

ClearView® MealMaster Two-Piece Containers

Pactiv Evergreen has the answer to grocers' needs for home meal replacement packaging for both hot and cold cases. These versatile, two-piece containers have a base that is made with a blended mineral material that reduces the amount of plastic used in the product, promoting sustainability. The bases are also microwave-safe, making reheating convenient.

Page
37

EarthChoice ClearView® MealMaster Two-Piece Containers

White bases are now available for our classic MealMaster Two-Piece Containers. A versatile option, ideal for home meal replacement packaging in grocery store hot and cold cases, while also stylish and functional for restaurant takeout and delivery.

ClearView MicroMax® Two-Piece Oval and Rectangle Containers

Micromax two-piece containers offer a more economical solution for home meal replacement. Unique oval containers are perfect to showcase sides or casserole dishes. Rectangular shapes are offered as well. Both shapes have microwaveable bases.

Newspring Containers and Portion Cups

Top-of-the-line in both performance and presentation, VERSAtainer®, DELItainer®, and Ellipso® containers are stackable, leak resistant and microwavable.

EarthChoice Versa2Go Microwaveable Containers

Featuring a unique matte finish, these leak-resistant containers are a sustainable solution for all your delivery and takeout needs. For leftovers, these containers easily go from refrigerator to microwave to dishwasher, for multi-purpose use.

Classic Carryout Containers

Attractive, versatile and ovenable, classic carryout containers offer an upscale image for any home meal replacement program.

Pressware® Dual-Ovenable Paperboard Containers and Pizza Trays

The versatility of Pressware dual-ovenable paperboard cannot be beat! Pressware is available in a variety of colors and sizes for microwave or oven applications and can even be frozen! Customizable options and special print available to suit all processor needs.

Rotisserie Chicken Containers

Our chicken roaster packaging solutions offer multiple sizes and materials to meet your merchandising needs!

Venting

Built-in venting system allows steam to release, keeping food hot, juicy and delicious.

Superior visibility

Dome lids feature excellent visibility without condensation due to anti-fog technology. For optimal clarity, choose our oriented polystyrene (OPS) domes.

Reduced environmental impact

EarthChoice® mineral filled polypropylene (MFPP) bases are made with 50% less plastic than traditional polypropylene (PP) containers, reducing fossil fuel based material usage. PP dome lids are recyclable in the communities that accept these products. Check locally.

Versatile merchandising

Containers are suitable for both hot and cold applications, reducing operator SKU's and increasing efficiencies. Multiple sizes and materials are available for all chicken roaster needs.

High heat performance

Rotisserie Chicken Containers are suitable for merchandising in hot case displays, warming units and under heat lamps. EarthChoice MFPP bases and PP lids are also suitable for reheating in a microwave.

Transport with confidence

Our ZipSeal™ Closure System's leak-resistant seal keeps package contents secure during transport. The easy to apply lid has an audible snap indicating the lid has been sealed.

Virtual Packaging Assistant

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.

ClearView™ MealMaster™ **Chicken Barn Containers**

Maximize hot case sales with containers that are ideal for crispy, fried, hot food.

Keep it crispy

Built-in venting system allows steam to release, keeping food hot, crispy and delicious. Vents are even functional when stacked!

High heat performance

Chicken Barns are suitable for merchandising in hot case displays, warming units and under heat lamps. MFPP bases are also suitable for reheating in a microwave.

Functional design

Channels in the container bottom allow air to circulate around food while wells within the channels collect moisture and grease. Ribbed sidewalls offer superior strength and crush resistance.

Superior visibility

Dome lids feature excellent visibility without condensation due to a robust venting system.

Transport with confidence

SmartTote™ handles provide a convenient carryout experience increasing customer satisfaction.

Dual-Color Hinged Lid Containers

We've added innovative Crisp2Go™ solutions to our top of the line EarthChoice® Dual-Color Hinged Lid Container family. Check out these new SKUs for your crispy and crunchy menu items.

Dual-Color Hinged Lid Containers

Premium performance

These containers are strong, stackable, and moisture resistant so they can stand up to hearty and saucy foods. The Zip Seal™ closure provides superior leak resistance for deliver and takeout.

Upscale presentation

The black bases offer an elegant backdrop for your colorful menu items, while the clear lids provide easy order identification reducing mix ups when packing to-go bags.

Keep food crispy

The SmartVent™ technology, allows steam to release, keeping food hot and crispy. Our Crisp2Go™ SKUs feature additional top and side vents that help to keep food crisp and hot even while stacked in a bags.

Dual-Color Hinged Lid Containers

High heat performance

These containers are ideal for merchandising in hot case displays and to-go staging under heat lamps. Also, suitable for reheating in a microwave and top rack residential dishwasher safe.

Enhanced eating experience

The hinged lid features a perforated tear, allowing the lid to be removed from the base for an improved consumer experience. The lid is resealable as a two-piece container for storage.

Polypropylene **Crisp2Go™ Hinged Lid Containers** Dual-color extra-vented microwaveable containers

Optimally designed for performance and merchandising, these containers are great for supermarket self-serve hot bars, keeping food crispy and delicious from store to door.

Keep it crispy

Featuring innovative side venting and SmartVent™ technology, optimally placed vents allow steam to release keeping food crisp and hot even while stacked in a bag.

High heat performance

Dual-color hinged lid Polypropylene (PP) containers are ideal for merchandising in hot case displays, warming units and under heat lamps. Also, suitable for reheating in a microwave and top rack residential dishwasher safe.

Superior visibility

Clear hinged dome lids feature excellent visibility without condensation due to anti-fog technology, increasing impulse sales.

Great for grab-and-go

Containers are stackable with ease and fit together well in commonly used bags. Designed with ribbing which offers superb strength to handle the hardest prepared foods.

Enhanced eating experience

The hinged lid features a perforated tear, allowing the lid to be removed from the base for an improved consumer experience. The lid is resealable as a two-piece container for storage.

How do Crisp2Go™ Hinged Lid Containers keep food hot and crispy?

SmartVent™ technology

Top and corner c-vents open up as pressure builds allowing steam to escape.

Anti-fog coating

Reduces condensation build up and resulting droplets on the interior of the lid.

Venting while stacked

Corner c-vents provide unrestricted airflow when containers are stacked together on display or in a bag.

Air channels

Built-in air channels allow steam from top c-vents to escape while containers are stacked.

Cross ventilation design

Venting air paths eliminate hot moist air while minimizing the food heat loss.

Base bottom design

Channels in bottom allow air to circulate around food while wells within the channels collect moisture and grease.

Side seal venting

Cool dry air enters in through side seal venting which helps to maintain the crispiness of the food.

Virtual Packaging Assistant

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.

Polypropylene SideKicks® Containers

Performance on-the-go

SideKicks® Containers are portable and stackable, with a reliable, leak-resistant lid you can trust. Ideal for prepared foods, takeout, and delivery—and ready to hold whatever you put in them.

Efficient and versatile

These containers are perfect for everything from hot soups to cold salads. One-size fits all lids are clear and vented, and both container and lid are microwave safe.

High style, high function

A striking, upscale look showcases your sides. And a convenient wide-mouth design makes SideKicks® Containers spoonable, dippable, and supremely snackable.

Entree2Go™ Two Piece Containers

Designed for delivery! Fill, stack, go! Now with new 8.5 x 8.5" sizes available in black and white bases.

Reduced environmental impact

EarthChoice® mineral filled polypropylene (MFPP) bases are made with 50% less plastic than traditional polypropylene containers, reducing fossil fuel based material usage. The polypropylene lids are recyclable. Check locally; may not be recyclable in all areas.

Keep it crispy

The SmartVent™ system allows steam to release, keeping food hot and crispy even on the go.

Great for to-go

These containers are strong, stackable, and moisture resistant so they can stand up to hearty and saucy foods. The clear lids present menu items beautifully and aids in order identification.

Consumer convenience

Consumers will appreciate that these containers are microwaveable and are safe for top rack use in residential dishwashers.

ClearView® MealMaster® **Two-Piece Containers**

Expertly showcase entrees or side dishes in supermarkets and for takeout

Transport with confidence

Our ZipSeal™ Closure System's leak-resistant seal keeps package contents secure during transport. The easy-to-apply lid has an audible snap indicating the lid has been sealed.

Versatile merchandising

Containers are suitable for both hot and cold applications, reducing operator SKU's and increasing efficiencies. Multiple bases available, ranging from one to three compartments with matching lids.

Superior visibility

Dome lids feature excellent visibility without condensation due to anti-fog technology. For optimal clarity, choose our oriented polystyrene (OPS) domes.

High heat performance

MealMaster two-piece containers are suitable for merchandising in hot case displays, warming units and under heat lamps. MFPP bases and PP lids are also suitable for reheating in a microwave.

ClearView[®] MealMaster[®] **Two Piece Containers**

A versatile option, ideal for home meal replacement packaging in grocery store hot and cold cases, while also stylish and functional for restaurant takeout and delivery.

Reduced environmental impact

EarthChoice[®] mineral filled polypropylene containers are made with 50% less plastic than traditional polypropylene containers, reducing fossil fuel based material usage. The polypropylene lids are recyclable. Check locally; may not be recyclable in all areas.

Ideal for merchandising and to-go

The stackable lids and bases nest securely to help keep product in place on the shelf and during transportation. The leak-resistant ZipSeal[™] helps to prevent messy spills and maintain food quality. Lids sold separately.

Consumer convenience

Customers enjoy that these containers easily go from refrigerator to microwave and are top-rack dishwasher safe.

Newspring™ Containers and Portion Cups

Top of the line in both performance and presentation **VERSA**tainer®, **DEL**tainer®, and **ELLIPSO**® containers are the packaging solutions you need for customer satisfaction and operational excellence.

Quality solutions, that meet your needs

Versatility

Whether you need a quality takeout container for on-the-go entrées or a dynamite deli container for your market, Newspring packaging is offered in a variety of shapes, sizes, and colors for optimal operational versatility.

Premium performance

These sturdy containers are made of heavy-gauge polypropylene. They hold up to your heartiest menu items and will not bend or break when stacked for delivery or display. Bonus for your end customers, Newspring containers are safe for top rack use in residential dishwashers.

Superior leak-resistance

Newspring products have a tight-fitting perimeter seal that provides exceptional leak resistance, so you can store and transport foods with confidence.

High style

Our stylish Newspring packaging presents food beautifully, and their clear lids allow for easy order identification. Choose from a selection of base colors to highlight your cuisine.

Excellent temperature endurance

Ideal for a variety of food applications, both hot and cold, Newspring containers can be stored in the freezer, refrigerated or microwaved.

Newspring™

Containers and Portion Cups

VERSAtainer® Containers and Lids

When you need a container solution that performs and presents, VERSAtainer packaging is the clear choice. This popular line of containers comes in a variety of shapes, sizes, and configurations. These stylish, high-performance containers are a delivery favorite for pasta, stir-fry and other saucy foods.

DELItainer® Containers and Lids

These containers are a versatile option great for deli counters, grab-n-go merchandising and takeout. The lids and bases nest neatly for stacking in retail settings. The secure lid fit keeps the product in place during transportation.

Ellipso® Oval Portion Cups and Lids

Stylish Ellipso portion cups' elegant design enhances the presentation and appeal of condiments and sides. Pour sauces and dressings with ease, due to their unique oval shape.

Virtual Packaging Assistant

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.

Polypropylene **Versa2Go™ Containers**

These two piece containers with their clear lids and black matte bases are fantastic for food presentation and delivery performance.

Reduced environmental impact

EarthChoice® Versa2Go™ polypropylene (PP) bases are made with 20% less plastic than our Newspring™ VERSAtainer® bases, reducing fossil fuel based material usage. The PP dome lids are recyclable in the communities that accept these products. Check locally.

Efficient combo pack

Allow bases and lids to ship together in smaller pack quantities and takes up less shelf space.

Great for delivery and to-go

The leak-resistant seal helps to prevent messy spills and maintain food quality, while the stackable lids and bases nest securely to help keep product in place during transportation.

Consumer convenience

Customers enjoy that these containers easily go from refrigerator to microwave and are top-rack dishwasher safe.

Aluminum **Classic Carryout Containers**

Attractive, versatile and ovenable, classic carryout containers offer an upscale image for any home meal replacement program.

High Heat Performance

Containers allow food to be prepared, stored, transported and reheated (in the oven) all in the same packaging. Containers are compatible with heat-sealed film.

Transport with Confidence

Heavy-duty, recyclable* aluminum bases protect food and preserve the quality of meats, seafood, prepared entrees, side dishes and bakery foods. Accompanying lids provide a leak-resistant seal.

Versatile Merchandising

Containers are suitable for both hot and cold applications, reducing operator SKUs and increasing efficiencies. Black, gold and silver options are exceptional for displays, increasing visual appeal.

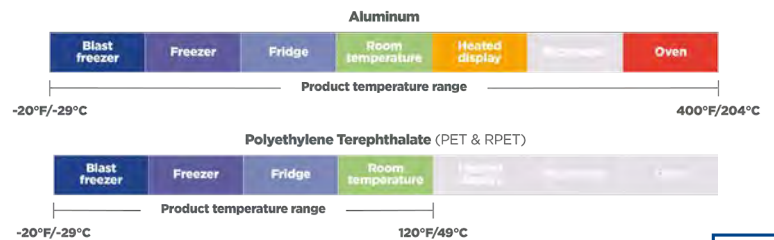

* Check locally; May not be recyclable in all areas

Features	Benefits
Dual Ovenable Paperboard	Can be used in microwave or conventional oven at temperatures up to 400°F for 60 minutes.
Versatile	Pressware trays hold a variety of food applications either hot or cold. They can be stored in the freezer or refrigerator without cracking or denting.
Serving Tray Appeal	Upscale structural design along with color and graphic capabilities offer excellent merchandising opportunities for high visual impact.
Variety of Sizes	Pressware trays hold food products from family sized entrees to portion-controlled entrees, side dishes and desserts.
Two Closure Options	Clear OPS Dome lids or peel-able film.
Rounded Radius Corners	In the microwave oven, heating is enhanced because Pressware trays are transparent to microwave energy and cooking hot spot areas are reduced with Presswares rounded radius corners and bottoms (on some trays).
Flanges	Provides ease of handling and enhanced rigidity. A flat, even heat resealable surface.

Rectangles and Squares

Pressware containers are available in a variety of shapes sizes and colors for most any application you can think of hot or cold.

Round Bowls

From sweet to savory recipies, Pressware® Round Bowls are your dual-ovenable solution!

Pizza

Food preparation, cooking, baking and serving directly on the same tray.

Features Benefits

Exceptional Temperature Endurance	Temperatures ranging from -40°F up to 450°F for 30 minutes* in conventional oven or reheat in microwave oven.
Dual Ovenable Paperboard	Provides a cut resistant surface for food preparation, cooking, baking and serving directly on the same tray.
Versatile	Can be stored in freezer or refrigerated without cracking or denting.
Variety of Sizes	Allows for a variety of food applications, from family-sized pizzas to individual personal pan.
Closure Options	Film sealable (before baking).
Rounded Radius Corners	Enhance heating and reduce hot-spot areas for more even cooking in a microwave oven.

- Dual-ovenable food containers
- Take-n-Bake Pizza Trays
- Quick Serve Restaurant
- Microwave active packaging
- PET Coated paperboard Trays
- PET Color: Clear, Black, White
- Paperboard Calipers: 16 to 29 points
- Exterior: Almost any print desired (solid, random, registered)
