

GREENWARE®
MADE FROM PLANTS

| On-The-Go Boxes

Crystal-clear Greenware® On-The-Go Boxes allow you to create, display and sell a range of meal and snack combos.

Creative combinations

Showcase a variety of creative cold food combinations with 2-, 3- and 4- compartment design options. The perfect breakfast bite. A delectable lunch. Irresistible snacks. You can package them all - beautifully and efficiently - in Greenware On-The-Go Boxes.

Made from plants

Made from polylactic acid (PLA), a resin derived from annually-renewable plants.

Commercially compostable

BPI certified to be commercially compostable only. Facilities may not exist in your area. Not suitable for home composting. Compostable products facilitate the diversion of food scraps from the landfill.

On-The-Go Boxes

What temperature range is recommended?

Virtual Packaging Assistant

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
