

# Paper Baking and Confectionery Cups and Pads

With multiple colors, paper types and case packs available, Pactiv Evergreen is the industry-leader in packaging for commercial bakeries and confectionery companies.

# Baking and Confectionery Cups

Pactiv Evergreen provides multiple packaging solutions for a variety of your baking and merchandising needs. From fluted cups and liners to candy cups and padding for the commercial bakery, confectionery and food service industry. And we specialize in automatic de-nester quality bake cups.

Pactiv Evergreen has innovative, custom design capabilities, unmatched quality production standards and the expertise to meet the most challenging requirements.

## Custom Options

### Size and Flare

Pactiv Evergreen has extensive tooling for custom sizes and the ability to build new dies to meet customers' needs.

### Printing

Pactiv Evergreen can offer up to **eight** colors for your custom pattern. We also have existing stock designs to choose from.

### Material

Options include cup stock, glassine, greaseproof, and paper-laminated foil

### Paper Color

We offer chocolate brown, green, red, and white, and can accommodate custom print designs and colors.

### Packaging

Choose from tubed, bulk pack or nested/rowed/tiered

**Check with your Pactiv Evergreen Sales Representative for availability and lead times.**

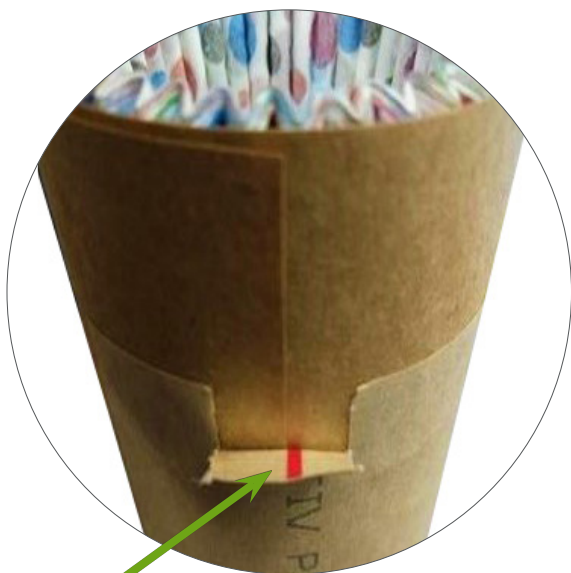

# It's your choice.

## Paper Types

- **Dry wax:** Industry-standard bleached waxed paper
- **Greaseproof Slip Easy:** Preferred in automatic de-nesting applications
- **Glassine Slip Easy:** Primarily used for candy cups
- **Paper laminated foil:** Sturdy for stable baking and for merchandising applications
- **Padding (Cushion Pak):** Used to protect candy or baked goods; custom sizes and plys available

Easy-open tear strip

## Packaging Types

### Bulk pack (ABUL suffix)

- Manual application
- Least expensive

### Nested/Rowed/Tiered (ANRT suffix)

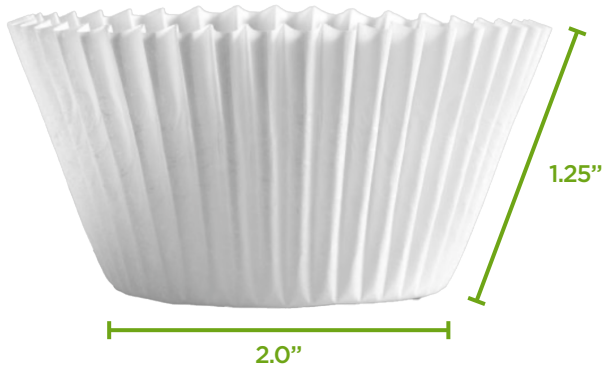

- Laid inside box in rows
- Easier to handle and separate
- Helps maintain cup shape

### Tube Wrapped (ATBD suffix)

- Most commonly used in automatic de-nesting equipment

# How to Measure

- 1 Lay fluted cup flat to determine blank size
- 2 Measure base diameter
- 3 Measure wall height

Example Code Numbers:

**FC200X450**

- **200** represents 2" Base
- **450** represents the blank size  
(Calculated by:  $1.25 \times 2 = 2.5 + 2 = 4.5$ )

# Custom Printing

Want a product unique to your company?  
Let Pactiv Evergreen help you create a  
custom print job for your item.

- Artwork & Color**  
 Ability to print a custom pattern of up to eight colors; graphic design capabilities are available
- Printing Plate Costs**  
 Approximately \$1,000 per color for low-complexity prints  
*(High-complexity prints may cost more.)*
- Lead Times**  
**First order:** 12-14 weeks  
*(from customer approval of artwork; dependent on paper availability)*  
**Repeat order:** 6-8 weeks  
*(dependent on paper availability)*

# Candy Padding

Whether it's padding for an existing package, a new package design, or research for alternative packaging solutions.... Pactiv Evergreen has the right solution!

## Unique to you

All candy padding is custom made to satisfy individual customer requirements.

## Variety of thicknesses

Candy padding is available in a range of thicknesses, from two-ply deco pad and two-ply pebble pad to three-ply, five-ply, eight-ply and ten-ply cushion pak as well as single glassine sheets.

## Choose your material

Pactiv Evergreen also has a variety of quality materials designed to protect and preserve your finest confectionery creations.

### Material choices include:

- Black Glassine
- Gold Foil
- Silver Foil
- Chocolate Glassine
- White Glassine
- White Glassine with Contemporary Design

## Die cutting available

Pactiv Evergreen offers over 600 die variations, including a wide range of sizes and shapes customized for customers' containers including: circles, rectangles, hearts, squares and ovals. In addition to custom printing and embossing, hot-stamp decorations, seasonal enhancements, logos and any other type of branding to products is available.

*(Check with your Pactiv Evergreen sales representative for availability and lead times.)*

## Size range

- Maximum size is 39.5" x 48"
- Minimum size is 2" x 2"  
*(costly to produce this small)*
