

## Polypropylene **Nexclear Drink Cups**

### **Recyclable**

Recycling products gives them a second life and helps keep them out of landfills. Check locally; may not be recyclable in your area.

### **Easy identification**

Nexclear Cups are made of durable, contact clear polypropylene. Embossed capacity marks offer easy identification for practical fills and portion control.

### **Simplified inventory**

One lid series fits four most popular cup sizes for simplified inventory.

### **Expand your grab-and-go options**

Pair with a cup insert and lid to create the perfect multi-ingredient on-the-go packaging.

### **Let your brand shine**

Successfully brand your business by custom-printing on Nexclear cups.

### Virtual Packaging Assistant

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
