

## RPET Dual Color Hinged Lid **Octagon Containers**

This unique octagon-shaped packaging comes in a variety of sizes for multiple applications.

### **Sustainable**

These containers are made with a minimum of 25% post-consumer recycled (PCR) materials.

### **Dual color**

Foods are displayed in a black base with a clear lid for a more marketable appearance.

### **Leak resistant**

A tight seal keeps food fresh.

### **Strong**

The recycled PET material performs well in low-temperature applications and is crack resistant.

### **User-friendly**

Easy-open tabs offer consumer convenience.

## What temperature range is recommended?

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
