Kids Cups

*Today's millennial parents are a large - and growing - demographic. They're looking for restaurants that entertain their children in new, adventurous ways. Our Kids Cups have fresh, stimulating designs that will keep the entire family happy and coming back for more.

Designs kids will love

We partnered with local children's book author and artist Emmy Kastner to design the exclusive artwork featured on our Kids Cups. These fresh and on-trend designs will bring smiles to the faces of your youngest patrons.

Perfect for kids and you

Our Kids Cups are conveniently packed with straws and secure lids. Available in clear and white, these sturdy and tip-resistant cups are tough enough to help prevent unwanted spills.

Let your brand shine

Feature your restaurant's unique brand and story with our short print lead times and low order minimums.

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
