

Polypropylene **Crisp2Go™ Hinged Lid Containers** Dual-color extra-vented microwaveable containers

Optimally designed for performance and merchandising, these containers are great for supermarket self-serve hot bars, keeping food crispy and delicious from store to door.

Keep it crispy

Featuring innovative side venting and SmartVent™ technology, optimally placed vents allow steam to release keeping food crisp and hot even while stacked in a bag.

High heat performance

Dual-color hinged lid Polypropylene (PP) containers are ideal for merchandising in hot case displays, warming units and under heat lamps. Also, suitable for reheating in a microwave and top rack residential dishwasher safe.

Superior visibility

Clear hinged dome lids feature excellent visibility without condensation due to anti-fog technology, increasing impulse sales.

Great for grab-and-go

Containers are stackable with ease and fit together well in commonly used bags. Designed with ribbing which offers superb strength to handle the hardest prepared foods.

Enhanced eating experience

The hinged lid features a perforated tear, allowing the lid to be removed from the base for an improved consumer experience. The lid is resealable as a two-piece container for storage.

How do Crisp2Go™ Hinged Lid Containers keep food hot and crispy?

SmartVent™ technology

Top and corner c-vents open up as pressure builds allowing steam to escape.

Anti-fog coating

Reduces condensation build up and resulting droplets on the interior of the lid.

Venting while stacked

Corner c-vents provide unrestricted airflow when containers are stacked together on display or in a bag.

Air channels

Built-in air channels allow steam from top c-vents to escape while containers are stacked.

Cross ventilation design

Venting air paths eliminate hot moist air while minimizing the food heat loss.

Base bottom design

Channels in bottom allow air to circulate around food while wells within the channels collect moisture and grease.

Side seal venting

Cool dry air enters in through side seal venting which helps to maintain the crispiness of the food.

Crisp2Go™ Hinged Lid Containers

Dual-color extra-vented microwaveable containers

Product specifications
