# Solid Sheet PET Meat Trays

## Clear and Black

Our growing product line is vertically integrated — trays are extruded, thermoformed and padded in Pactiv Evergreen facilities.

### Processor Grade Trays

Processor trays have a reinforced rim and are designed to run on existing high speed processor lines with the ability to vacuum skin pack and lid seal. They are customizable with a wide variety of padding options for purge absorption and are also recyclable\*.

### Supermarket Grade Trays

EarthChoice® RPET Supermarket Trays are engineered to be used on “in-store” wrappers with built-in purge wells to reduce leakage. They are designed to give protein and produce an upscale look with sustainability in mind. Trays are made with a minimum of 25% post-consumer recycled (PCR) materials. The clear trays are also recyclable\*.

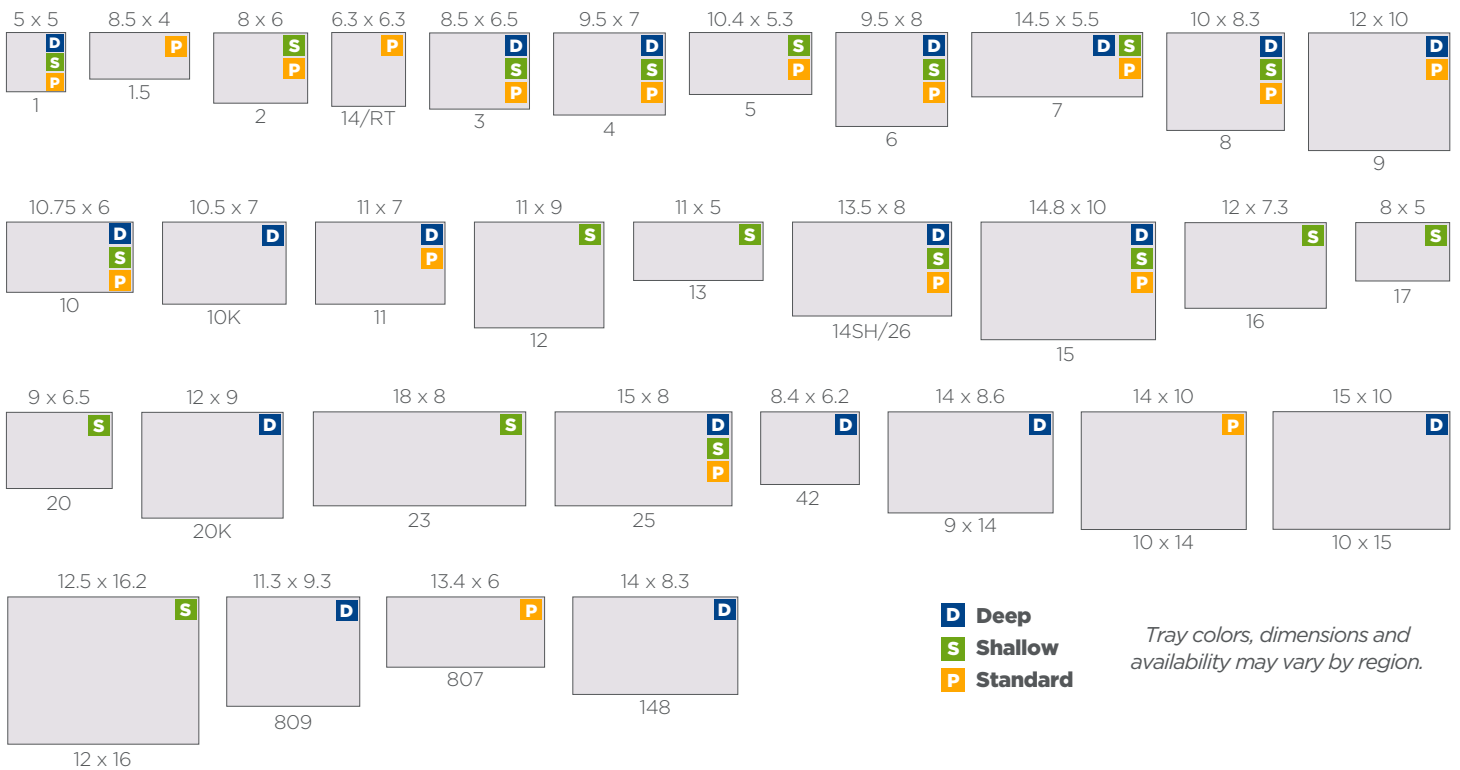

*\*Check locally - may not be recyclable in all areas*

# Supermarket & Processor PS Foam Trays

Pactiv Evergreen is the market leader in polystyrene (PS) foam trays designed to meet a variety of applications from unpadded and pre-padded case-ready processor to traditional supermarket trays. With the largest depth and breadth of line, Pactiv Evergreen has the right tray for any fresh meat or produce need.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.

## PET Round Cake Containers

Enhance the beauty and elegance of your round cakes with the clarity and distinction of Pactiv Evergreen PET cake containers, lids and bases.

Fluted Dome

### Outstanding Strength

These containers are strong, stackable, and provide a secure lid fit for display and transport.

RoseDome™/Swirl Dome

### Multiple Base and Dome Options

Choose the base (flat, ring base, bundt cake) and dome style (fluted/RoseDome™/swirl, smooth-wall) for your specific application.

Smooth-Wall Dome

### Exceptional Clarity

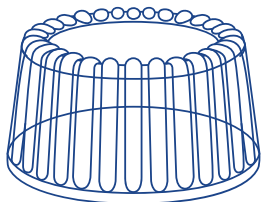

The PET material provides a clear view and superior merchandising to increase impulse sales. These containers are also freezer-safe, allowing you to store and sell all in one container.

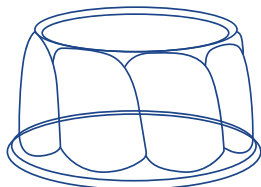

## PET Pie Containers

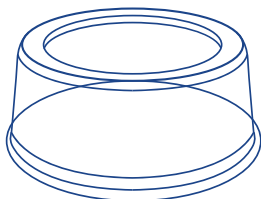

Enhance the beauty and elegance of your pies with the clarity and distinction of Pactiv Evergreen PET pie containers, lids and bases.

Fluted Dome

Swirl Dome

Smooth-Wall Dome

### Outstanding strength

These containers are strong, stackable, and provide a secure lid fit for display and transport.

### Multiple base and dome options

Choose the base style (clear, black, deep, shallow, heavy-duty), dome style (fluted, swirl, smooth-wall), or hinged wedge/slice container for your specific application.

### Exceptional clarity

The PET material provides a clear view and superior merchandising to increase impulse sales. These containers are also freezer-safe, allowing you to store and sell all in one container.

## PET Bakery Containers

# Sheet Cakes

Enhance the visual appeal of your sheet cakes with the clarity and functionality of Pactiv Evergreen's PET cake containers.

### Outstanding Strength

These containers are strong, stackable, and provide a secure dome fit for display and transport.

### Exceptional Clarity

The PET material provides a clear view and superior merchandising to increase impulse sales. These containers are also freezer safe, allowing you to store and sell all in one container.

### Multiple Base and Dome Options

Chose the base (flat, ring base, bundt cake) and dome style (fluted/RoseDome™/swirl, smooth-wall) for your specific application.

PET Containers

# Cupcakes & Muffins

Bakeries can display their cupcakes and muffins proudly in these strong, stackable, clear PET containers, which feature a deep dome hinged lid to ensure items keep their finished look throughout the transport process.

## Secure

Be confident in the closure of your SmartLock® container with its audible “click.”

## User-friendly

Finger grip tabs make the container easy to open and separation between individual cavities allow you to lift the cupcakes out without damaging them.

## Crack resistant

Containers are excellent for frozen applications.

## Clarity

The crystal-clear, smooth-wall design is great for merchandising your cupcakes and muffins.

## Deep dome lid

Specialty cupcakes topped with candy or plastic figures as decoration fit easily under the deep dome.

## Sustainable

Containers can be recycled\*.

*\*Check locally, may not be recyclable in your location*

## RPET

# Confectionary Containers

Create your own unique candy offering with Pactiv Evergreen's wide array of RPET containers available in many shapes and sizes.

### Exceptional clarity

The RPET material provides a clear view and superior merchandising to increase impulse sales. These containers are also freezer-safe, allowing you to store and sell all in one container.

### Outstanding strength

Containers are strong, stackable, and provide a secure lid fit for display and transport.

### Sustainable

These recyclable\* containers are made with a minimum of 25% post-consumer recycled materials (PCR), which reduces environmental impact by using materials previously destined for landfills. They also eliminate the need for shrink bands.

\* Check locally; May not be recyclable in all areas

## CPET **Bakeable Containers**

Product can go from freezer to oven (or microwave), to shelf, to home all in the same package.

### **Wide temperature range**

Dual-ovenable CPET is freezer, microwave and conventional oven safe from -20 °F to 400 °F, with superb low-temperature breakage performance.

### **Versatile**

Containers are available in a wide variety of sizes for multiple baking applications.

### **Matching lids available**

Bases pair with high-clarity after-bake-fit lids, perfect for merchandising products.

## Aluminum **Classic Carryout Containers**

Attractive, versatile and ovenable, classic carryout containers offer an upscale image for any home meal replacement program.

### **High Heat Performance**

Containers allow food to be prepared, stored, transported and reheated (in the oven) all in the same packaging. Containers are compatible with heat-sealed film.

### **Transport with Confidence**

Heavy-duty, recyclable\* aluminum bases protect food and preserve the quality of meats, seafood, prepared entrees, side dishes and bakery foods. Accompanying lids provide a leak-resistant seal.

### **Versatile Merchandising**

Containers are suitable for both hot and cold applications, reducing operator SKUs and increasing efficiencies. Black, gold and silver options are exceptional for displays, increasing visual appeal.

\* Check locally; May not be recyclable in all areas

RPET (Recycled PET)

# Tamper Evident & Resistant Hinged Lid Containers

# The sustainable way to keep your customers' food safe.

## Tamper evident and leak resistant seal

This patented design improves safety by minimizing risk of food tampering and has no loose pieces to throw away. Be confident your container is sealed when you hear the “click” while closing it. There are no shrink bands or wrap-around labels required. The leak-resistant seal locks in product freshness and reduces messy spills. The containers are resealable for convenience and flexibility.

## Sustainable

The recyclable\* containers are made with a minimum of 25% post-consumer recycled materials (PCR), which reduces environmental impact by using materials previously destined for landfills. They also eliminate the need for shrink bands, also bound for landfills.

## Great for merchandising

Tamper evident containers allow for secure stacking for easy handling, display and transport. They are automation-capable thereby lowering operating costs. The large window panel is a prime location for brand identity and better merchandising.

### What temperature range is recommended?

Polyethylene Terephthalate (PET & RPET)

\* Check locally; may not be recyclable in all areas

## MealMaster® and EarthChoice® **Rotisserie Chicken Containers**

Our chicken roaster packaging solutions offer multiple sizes and materials to meet your merchandising needs!

### **Venting**

Built-in venting system allows steam to release, keeping food hot, juicy and delicious.

### **Superior visibility**

Dome lids feature excellent visibility without condensation due to anti-fog technology. For optimal clarity, choose our oriented polystyrene (OPS) domes.

### **Reduced environmental impact**

EarthChoice® mineral filled polypropylene (MFPP) bases are made with 50% less plastic than traditional polypropylene (PP) containers, reducing fossil fuel based material usage. PP dome lids are recyclable in the communities that accept these products. Check locally.

### **Versatile merchandising**

Containers are suitable for both hot and cold applications, reducing operator SKUs and increasing efficiencies. Multiple sizes and materials are available for all chicken roaster needs.

### **High heat performance**

Rotisserie Chicken Containers are suitable for merchandising in hot case displays, warming units and under heat lamps. EarthChoice MFPP bases and PP lids are also suitable for reheating in a microwave.

### **Transport with confidence**

Our ZipSeal™ Closure System's leak-resistant seal keeps package contents secure during transport. The easy-to-apply lid has an audible snap indicating the lid has been sealed.

## ClearView® MealMaster® **Chicken Barn Containers**

Maximize hot case sales with containers that are ideal for crispy, fried, hot food.

### **Keep it crispy**

Built-in venting system allows steam to release, keeping food hot, crispy and delicious. Vents are even functional when stacked!

### **High heat performance**

Chicken Barns are suitable for merchandising in hot case displays, warming units and under heat lamps. MFPP bases are also suitable for reheating in a microwave.

### **Superior visibility**

Dome lids feature excellent visibility without condensation due to a robust venting system.

### **Functional design**

Channels in the container bottom allow air to circulate around food while wells within the channels collect moisture and grease. Ribbed sidewalls offer superior strength and crush resistance.

### **Transport with confidence**

SmartTote™ handles provide a convenient carryout experience increasing customer satisfaction.

## MealMaster® and EarthChoice® **Rib Containers**

Showcase ribs, entrées, meal kits and other to-go foods with Pactiv Evergreen's rib containers!

### **Transport with Confidence**

Our ZipSeal™ Closure System's leak-resistant seal keeps package contents secure during transport. The easy-to-apply lid has an audible snap indicating the lid has been sealed.

### **Superior Visibility**

Dome lids feature excellent visibility without condensation due to anti-fog technology. For optimal clarity, choose our oriented polystyrene (OPS) domes.

### **Versatile Merchandising**

Containers are suitable for both hot and cold applications, reducing operator SKUs and increasing efficiency.

### **Reduced Environmental Impact**

EarthChoice® mineral-filled polypropylene (MFPP) bases are made with 50% less plastic than traditional polypropylene (PP) containers, reducing fossil fuel based material usage. PP dome lids are recyclable in the communities that accept these products. Check locally.

### **High Heat Performance**

Rib containers are suitable for merchandising in hot case displays, heat lamps and warming units. EarthChoice MFPP bases and PP lids are also suitable for reheating in a microwave.

# Dual-Color Hinged Lid Containers

We've added innovative Crisp2Go™ solutions to our top of the line EarthChoice® Dual-Color Hinged Lid Container family. Check out these new SKUs for your crispy and crunchy menu items.

# Dual-Color Hinged Lid Containers

## Premium performance

These containers are strong, stackable, and moisture resistant so they can stand up to hearty and saucy foods. The Zip Seal™ closure provides superior leak resistance for deliver and takeout.

## Upscale presentation

The black bases offer an elegant backdrop for your colorful menu items, while the clear lids provide easy order identification reducing mix ups when packing to-go bags.

## Keep food crispy

The SmartVent™ technology, allows steam to release, keeping food hot and crispy. Our Crisp2Go™ SKUs feature additional top and side vents that help to keep food crisp and hot even while stacked in a bags.

# Dual-Color Hinged Lid Containers

## High heat performance

These containers are ideal for merchandising in hot case displays and to-go staging under heat lamps. Also, suitable for reheating in a microwave and top rack residential dishwasher safe.

## Enhanced eating experience

The hinged lid features a perforated tear, allowing the lid to be removed from the base for an improved consumer experience. The lid is resealable as a two-piece container for storage.

## What temperature range is recommended?

## Polypropylene **Crisp2Go™ Hinged Lid Containers** Dual-color extra-vented microwaveable containers

Optimally designed for performance and merchandising, these containers are great for supermarket self-serve hot bars, keeping food crispy and delicious from store to door.

### **Keep it crispy**

Featuring innovative side venting and SmartVent™ technology, optimally placed vents allow steam to release keeping food crisp and hot even while stacked in a bag.

### **High heat performance**

Dual-color hinged lid Polypropylene (PP) containers are ideal for merchandising in hot case displays, warming units and under heat lamps. Also, suitable for reheating in a microwave and top rack residential dishwasher safe.

### **Superior visibility**

Clear hinged dome lids feature excellent visibility without condensation due to anti-fog technology, increasing impulse sales.

### **Great for grab-and-go**

Containers are stackable with ease and fit together well in commonly used bags. Designed with ribbing which offers superb strength to handle the hardest prepared foods.

### **Enhanced eating experience**

The hinged lid features a perforated tear, allowing the lid to be removed from the base for an improved consumer experience. The lid is resealable as a two-piece container for storage.

# How do Crisp2Go™ Hinged Lid Containers keep food hot and crispy?

## SmartVent™ technology

Top and corner c-vents open up as pressure builds allowing steam to escape.

## Anti-fog coating

Reduces condensation build up and resulting droplets on the interior of the lid.

## Venting while stacked

Corner c-vents provide unrestricted airflow when containers are stacked together on display or in a bag.

## Air channels

Built-in air channels allow steam from top c-vents to escape while containers are stacked.

## Cross ventilation design

Venting air paths eliminate hot moist air while minimizing the food heat loss.

## Base bottom design

Channels in bottom allow air to circulate around food while wells within the channels collect moisture and grease.

## Side seal venting

Cool dry air enters in through side seal venting which helps to maintain the crispiness of the food.

# Polypropylene Hinged Lid Containers

EarthChoice® Hinged Lid Containers are the clear choice for showcasing your hot and cold food items. Delivering operational excellence with their superb presentation and versatility.

## Recyclable

EarthChoice® polypropylene containers are recyclable. Recycling products gives them a second life and helps keep them out of landfills.

## Superior Visibility

The all clear design showcases your menu items and makes for easy order identification reducing mix ups when packing to-go bags.

## Keep It Crispy

The SmartVent™ system allows steam to release, keeping food hot and crispy even on the go.

## Premium Performance

These containers are strong, stackable, and moisture resistant so they can stand up to hearty and saucy foods. The Zip Seal™ closure provides superior leak resistance for deliver and takeout.

## Consumer Convenience

Consumers will appreciate that these containers are microwaveable and are safe for top rack use in residential dishwashers.

# Entrée2Go™ Two Piece Containers

Designed for delivery! Fill, stack, go! Now with new 8.5 x 8.5” sizes available in black and white bases.

## Reduced environmental impact

EarthChoice® mineral filled polypropylene (MFPP) bases are made with 50% less plastic than traditional polypropylene containers, reducing fossil fuel based material usage. The polypropylene lids are recyclable. Check locally; may not be recyclable in all areas.

## Keep it crispy

The SmartVent™ system allows steam to release, keeping food hot and crispy even on the go.

## Great for to-go

These containers are strong, stackable, and moisture resistant so they can stand up to hearty and saucy foods. The clear lids present menu items beautifully and aids in order identification.

## Consumer convenience

Consumers will appreciate that these containers are microwaveable and are safe for top rack use in residential dishwashers.

# MFPP Hinged Lid Containers

Highly functional, low cost containers great for curbside pickup or delivery.

## Reduced environmental impact

EarthChoice® mineral filled polypropylene (MFPP) containers are made with 50% less plastic than traditional polypropylene (PP) containers, reducing fossil fuel based material usage.

## Premium performance

These containers are strong, stackable, and moisture resistant so they can stand up to hearty and saucy foods.

## Great for to-go

This line helps to maintain temperature and quality to deliver a “same as in-house” dining experience. The SmartLock® closure and perimeter seal prevents messy leaks and spills.

## Consumer convenience

Consumers will appreciate that these containers are microwaveable and are safe for top rack use in residential dishwashers.

## Mineral Filled Polypropylene **Vented Hinged Lid Containers**

Highly functional low cost containers great for curbside pickup or delivery.

### **Reduced environmental impact**

EarthChoice® mineral filled polypropylene (MFPP) containers are made with 50% less plastic than traditional polypropylene (PP) containers, reducing fossil fuel based material usage.

### **Great for to-go**

This line helps to maintain temperature and quality to deliver a “same as in-house” dining experience. The SmartLock® closure and perimeter seal prevents messy leaks and spills.

### **Premium performance**

These containers are strong, stackable, and moisture resistant so they can stand up to hearty and saucy foods.

### **Keep it crispy**

The SmartVent™ system offered on most sizes allows steam to release, keeping food hot and crispy even on the go.

### **Consumer convenience**

Consumers will appreciate that these containers are microwaveable and are safe for top rack use in residential dishwashers.

ClearView® MealMaster®

## Two Piece Containers

Expertly showcase entrees or side dishes in supermarkets and for takeout.

### Transport with confidence

Our ZipSeal™ Closure System's leak-resistant seal keeps package contents secure during transport. The easy-to-apply lid has an audible snap indicating the lid has been sealed.

### Versatile merchandising

Containers are suitable for both hot and cold applications, reducing operator SKUs and increasing efficiencies. Multiple bases available, ranging from one to three compartments, with matching lids.

### Superior visibility

Dome lids feature excellent visibility without condensation due to anti-fog technology. For optimal clarity, choose our oriented polystyrene (OPS) domes.

### High heat performance

MealMaster two piece containers are suitable for merchandising in hot case displays, warming units and under heat lamps. MFPP bases and PP lids are also suitable for reheating in a microwave.

# Newspring™ Containers and Portion Cups

Top of the line in both performance and presentation **VERSA**tainer®, **DEL**tainer®, and **ellipso**® containers are the packaging solutions you need for customer satisfaction and operational excellence.

## Quality solutions, that meet your needs

### **Versatility**

Whether you need a quality takeout container for on-the-go entrées or a dynamite deli container for your market, Newspring packaging is offered in a variety of shapes, sizes, and colors for optimal operational versatility.

### **Premium performance**

These sturdy containers are made of heavy-gauge polypropylene. They hold up to your heartiest menu items and will not bend or break when stacked for delivery or display. Bonus for your end customers, Newspring containers are safe for top rack use in residential dishwashers.

### **Superior leak-resistance**

Newspring products have a tight-fitting perimeter seal that provides exceptional leak resistance, so you can store and transport foods with confidence.

### **High style**

Our stylish Newspring packaging presents food beautifully, and their clear lids allow for easy order identification. Choose from a selection of base colors to highlight your cuisine.

### **Excellent temperature endurance**

Ideal for a variety of food applications, both hot and cold, Newspring containers can be stored in the freezer, refrigerated or microwaved. Ensure the lid is loosened prior to microwaving to permit steam ventilation.

# Newspring™

## Containers and Portion Cups

### VERSAtainer® Containers and Lids

When you need a container solution that performs and presents, VERSAtainer packaging is the clear choice. This popular line of containers comes in a variety of shapes, sizes, and configurations. These stylish, high-performance containers are a delivery favorite for pasta, stir-fry and other saucy foods.

### DELItainer® Containers and Lids

These containers are a versatile option great for deli counters, grab-n-go merchandising and takeout. The lids and bases nest neatly for stacking in retail settings. The secure lid fit keeps the product in place during transportation.

### ellipso® Oval Portion Cups and Lids

Stylish ellipso portion cups' elegant design enhances the presentation and appeal of condiments and sides. Pour sauces and dressings with ease, due to their unique oval shape.

## Polypropylene **Versa2Go™ Containers**

These two piece containers with their clear lids and black matte bases are fantastic for food presentation and delivery performance.

### **Reduced environmental impact**

EarthChoice® Versa2Go™ polypropylene (PP) bases are made with 20% less plastic than our Newspring™ VERSAtainer® bases, reducing fossil fuel based material usage. The PP dome lids are recyclable in the communities that accept these products. Check locally.

### **Efficient combo pack**

Allow bases and lids to ship together in smaller pack quantities and takes up less shelf space.

### **Great for delivery and to-go**

The leak-resistant seal helps to prevent messy spills and maintain food quality, while the stackable lids and bases nest securely to help keep product in place during transportation.

### **Consumer convenience**

Customers enjoy that these containers easily go from refrigerator to microwave and are top-rack dishwasher safe.

# Pressware® Dual-Ovenable **Paperboard Containers and Pizza Trays**

Pressware® is available in a variety of colors and sizes for microwave or oven applications.

# Pressware is microwave and oven safe.

## Versatile

Pressware trays hold a variety of food applications either hot or cold. They can be stored in the freezer or refrigerator without cracking or denting.

## Variety of sizes

Trays hold food products from family-sized entrées to portion-controlled entrées, side dishes and desserts.

## Sustainable solution

About 85% of every Pressware product is made from trees, a renewable resource, reducing your plastic consumption and helping support your sustainability initiatives.

## Fast customization

Pactiv Evergreen offers reduced lead time and tool cost, relative to other material substrates.

Pressware is now **PFAS-Free** making them a compliant option in states that have banned PFAS, while maintaining the strength and performance you are accustomed to.

## What temperature range is recommended?

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.

### Paperboard Containers

Multiple closure options:  
Clear OPS dome lids,  
overwrap or peelable film.  
Flanges provide ease-of-handling.

### Pizza Trays

Food preparation,  
baking and serving can  
be done on the same tray.

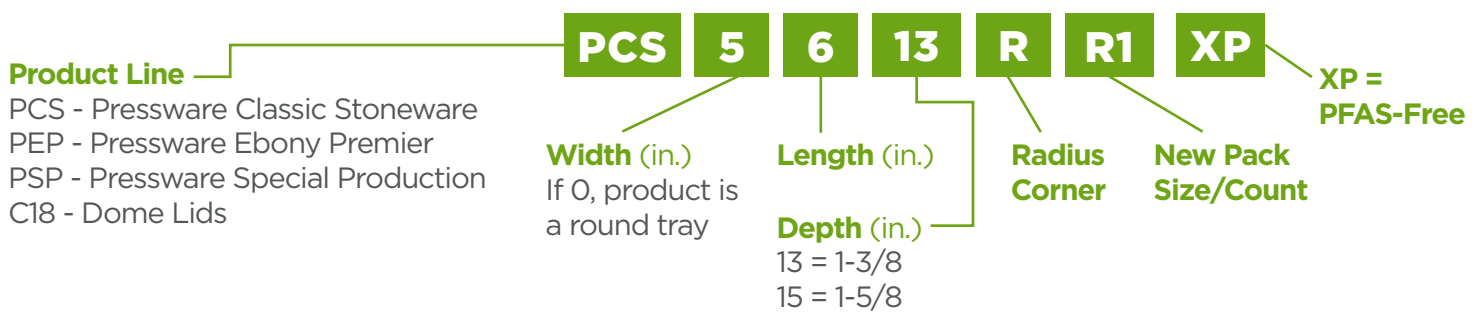

Temperature	Time
🔥 400° F	up to 60 minutes
🔥🔥 425° F	up to 30 minutes
🔥🔥🔥 450° F	up to 15 minutes
🔥🔥🔥🔥 530° F	up to 3 minutes

# PFAS-Free Solutions

Fiber Blend Packaging

# Sustainable Solutions, Right for You

## PFAS-Free Performance

Made with a proprietary formula, new EarthChoice® PFAS-Free Fiber Blend Containers and Tableware feature excellent grease performance that holds up to wet, heavy foods.

## Commercially Compostable

Pactiv Evergreen's fiber Blend Packaging is made from annually-renewable plant sources. It's BPI-certified to be commercially compostable. Composting Packaging with food scraps diverts waste from the landfill, helping reduce greenhouse gas emissions.

## Solutions For Our Customers

Our PFAS-free molded fiber products serve as another example of our commitment to supply customers with the products and solutions they need.

PFAS-free EarthChoice products are BPI certified to be commercially compostable. Facilities may not exist in your area. Not suitable for backyard composting.

# EarthChoice PFAS-Free Solutions

## Hinged Lid Containers

These containers make food assembly quick and delivery trouble-free. Available in six industry-standard sizes with a secure closure, you can rely on containers to meet all your takeout needs - from sides to entrees. Designed for takeout and delivery, the stackable containers will help keep food fresh and safe during transport.

## Tableware

Our durable Bowls, Plates, and Platters are great for dine-in, catering or for sending home with takeout orders. They'll hold up for your needs. Serve hearty soups or pile them up high with picnic foods - they won't soak through.

## Round & Rectangle Bowls

Perfect for fresh and healthy, harvest Bowls - poke Bowls - and burrito Bowls, a menu offering that has been growing in popularity. Add Clear Recyclable PP Lids for secure transport, presentation, and order identification. Check locally: lid may not be recyclable in your area. Lids sold separately.

## School Lunch Trays

Our Fiber Blend 5-Compartment Trays are made from PFAS-Free annually-renewable Blend of bamboo and sugar cane (bagasse) plant sources. They are grease-resistant, water-resistant, and durable which means they can hold up to heavy and saucy foods like spaghetti, meatballs, and other cafeteria favorites.

## PET Deli Containers

Choose from hinged-lid, round or square PET containers.

### Exceptional Clarity

The PET material provides a clear view and superior merchandising to increase impulse sales. These containers are also freezer-safe, allowing you to store and sell all in one container.

### Outstanding Strength

Containers are strong, stackable, and provide a secure lid fit for display and transport.

### Sustainable

These containers are also recyclable, but check locally, they may not be recyclable in your area.

## Pro-Kal® Deli Containers

With six sizes and one common lid these containers are great for grab 'n go merchandising and transporting take-out!

### **Economical**

Contact-clear Pro-Kal® containers are your solution for a lightweight, cost-effective package.

### **Excellent Temperature Endurance**

These microwaveable containers have a high heat resistance and can handle your hottest foods.

### **Recyclable**

Recycling products gives them a second life.

### **Efficient for Inventory**

One lid fits six containers. Combo packs available for convenience and operational simplicity.

# Polypropylene SideKicks® Containers

## Performance on-the-go

SideKicks® Containers are portable and stackable, with a reliable, leak-resistant lid you can trust. Ideal for prepared foods, takeout, and delivery—and ready to hold whatever you put in them.

## Efficient and versatile

These containers are perfect for everything from hot soups to cold salads. One-size fits all lids are clear and vented, and both container and lid are microwave safe.

## High style, high function

A striking, upscale look showcases your sides. And a convenient wide-mouth design makes SideKicks® Containers spoonable, dippable, and supremely snackable.

## PLA-Coated Paper Deli Containers

EarthChoice® PLA-coated paper cups are made using renewable materials.

### Compostable

EarthChoice drink cups, soup cups, and PLA lids are BPI-certified to be commercially compostable.\*

### Versatile

Perfect for hot or cold food applications, these cups are moisture-resistant so they can be safely used for saucy foods.

\*Commercially compostable only. Facilities may not exist in your area. Not suitable for home composting

## PE-Coated Paper Deli Containers

Pactiv Evergreen's PE-coated paper deli containers are made from poly-coated paperboard for durability and moisture resistance.

# Polylactic Acid (PLA) Hinged Lid & Deli Containers

These PLA containers are crystal-clear to showcase your menu items, and renewable and commercially compostable\* to meet with your sustainability goals.

## Made from plants

Made from polylactic acid (PLA), a resin derived from annually-renewable plants.

## Perfect for cold foods

Best used for cold applications like sandwiches and salads with a heat tolerance up to 105°F.

## Commercially compostable

BPI certified to be commercially compostable only. Facilities may not exist in your area. Not suitable for home composting. Compostable products facilitate the diversion of food scraps from the landfill.

## Fill, snap, go!

We offer options with our patented SmartLock® system which features a tight, audible click closure that helps ensure maximum food freshness.

\*EarthChoice (PLA) Hinged lid and deli containers are BPI certified to be commercially compostable. Facilities may not exist in your area. Not suitable for home composting.
