

RPET

Swirl Bowls and Lids

Reduced impact

EarthChoice Swirl Bowls are made with a minimum of 25% post-consumer recycled (RPET) material, reducing fossil fuel-based material usage and greenhouse gas emissions.

Efficient combo pack

Allow bases and lids to ship together in smaller pack quantities and takes up less shelf space.

Crystal clear packaging

These swirl bowls are crystal clear for complete product visibility and enhanced presentation, great for salads, fruits, veggies, and more.

Recyclable

Recycling products gives them a second life and helps keep them out of landfills. Check locally: may not be recyclable in your area.

RPET Swirl Bowls and Lids

Virtual Packaging Assistant

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
