

ClearView® MealMaster®

Two Piece Containers

Expertly showcase entrees or side dishes in supermarkets and for takeout.

Transport with confidence

Our ZipSeal™ Closure System's leak-resistant seal keeps package contents secure during transport. The easy-to-apply lid has an audible snap indicating the lid has been sealed.

Versatile merchandising

Containers are suitable for both hot and cold applications, reducing operator SKUs and increasing efficiencies. Multiple bases available, ranging from one to three compartments, with matching lids.

Superior visibility

Dome lids feature excellent visibility without condensation due to anti-fog technology. For optimal clarity, choose our oriented polystyrene (OPS) domes.

High heat performance

MealMaster two piece containers are suitable for merchandising in hot case displays, warming units and under heat lamps. MFPP bases and PP lids are also suitable for reheating in a microwave.

MealMaster® Two Piece Containers Bases

Product specifications

Product number	Brand	Description	Dimensions (in.)	Capacity (oz.)	Size* (S, M, L)	Material	Color	Case pack	Case cube (ft ³)	Gross case weight (lbs.)

What temperature range is recommended?

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
